This guide contains information about programs and services that address the needs of families with special needs in the Exceptional Family Member Program.

The guide is limited. It does not contain all family programs and services available in the Yuma area, neither does it include all programs in the community designed to assist families with special needs.

The goal is to assemble as many programs and resources into one guide for convenience.

The information contained in this guide will be updated often to keep up with on-going changes with programs, thereby assuring accurate referrals.

ABA Provider (Applied Behavior Analysis)
Strong Beginnings, LLC

**Program / Service**

**Description**
Strong Beginnings, LLC has been dedicated to improving the quality of life for children with Autism Spectrum Disorders (ASD) and other developmental delays through evidence-based treatment interventions in Yuma County since 2015 with center and home-based services. With the use of evidence-based procedures and treatments based on principles of Applied Behavior Analysis (ABA), we provide an effective and individualized treatment plan to help children acquire and retain skills essential for independence. At Strong Beginnings we use the least intrusive interventions and strive to provide a positive learning environment.

Disability Rights Network
AZ Center for Disability Law (ACDL)

Program / Service

Description

Who We Are: The Arizona Center for Disability Law (ACDL) is a not for profit public interest law firm, dedicated to protecting the rights of individuals with physical, mental, psychiatric, sensory and cognitive disabilities.

Who We Help: We provide a variety of legal services to people with disabilities and/or disability-related problems. We focus primarily on those cases in which individuals have nowhere else to go for legal support.

What We Do: We provide information, outreach and training on legal rights and self-advocacy, represent individuals in negotiations, administrative proceedings and court, and investigate abuse and neglect.

Contact Information

Address: 5025 E WASHINGTON ST STE 202  PHOENIX AZ 85034
Phone 1: (602) 274-6287 (Voice or TYY)
Phone 2: (800) 927-2260 (toll free)
Website https://www.azdisabilitylaw.org/
Facebook: https://www.facebook.com/azdisabilitylaw/
E-mail: center@azdisabilitylaw.org

Other Notes: The center also enforces the right to a free appropriate public education for children with disabilities. All referrals first processed through STAT, an in-house Short-term Assistance.
Independent Living
S.M.I.L.E - Services Maximizing Independent Living and Empowerment

Program / Service

Description

S.M.I.L.E. continually advocates for the Independent Living Philosophy, both individually and system wide. The board and staff constantly strives to improve the system by writing letters, training staff, providing services, and creating public awareness as to the services and opportunities open to people who have disabilities. Staff conducts disability awareness and education presentations and training to the community and its members. “Empowering individuals with disabilities to maximize independence.”

- Individual and Systems Advocacy
- Blind Services
- Information and Referral (R&R)
- Life Skills/Independent Living Skills Training
- Peer Counseling
- Lost Peepers

Local Government Program
**WACOG** (Western Arizona Council of Governments)
**Head Start Program**

**Program / Service**

<table>
<thead>
<tr>
<th><strong>Description</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Head Start is a comprehensive early childhood education program for children ages 0-5 whose families meet Head Start eligibility guidelines.</td>
</tr>
<tr>
<td>The program offers a broad range of individualized services in the areas of education and child development, special education, health services, nutrition, parent/family development.</td>
</tr>
<tr>
<td>The primary focus of WACOG Head Start is children and their families. It is the program's mission to provide the foundation for the development of self-sufficient, healthy, caring and productive children and families. It is Head Start's role to ensure the provision of opportunities of parents to become active participants in their children's growth and development. Children's “social competence” is an overall goal of the program and is defined as a child's everyday effectiveness in dealing with the responsibilities that attend both school life and home life. Social competence also takes into account a child's social, emotional, cognitive and physical development, and how these aspects are interrelated.</td>

WIC – Special Supplemental Nutrition Program for Women, Infants, and Children

Program / Service

Description

This Special Supplemental Nutrition for Women, Infants and Children, (WIC) up to 5 years of age is a short-term intervention program designed to influence lifetime nutrition and health behaviors. WIC is a helping hand, not a handout. It is healthcare, not a welfare program.

WIC is free!
- All of the nutritious foods and services come at no cost to you.

What does WIC provide?
- Nutrition education
- Breastfeeding support
- Supplemental foods
- Referrals to health care and other social services.

Who is WIC for?
- Infants
- Children up to five years of age
- Pregnant women
- Breastfeeding women, until the infant’s first birthday
- Postpartum women ( anyone whose pregnancy has ended) up to six months afterward

How do I qualify for WIC?
- Review the eligibility requirements, locations and hours of operation for the WIC program.

Contact Information

Address: 2200 W 28th ST STE YUMA AZ 85364
Phone: (928) 317-4500
Website: https://www.yumacountyaz.gov/government/health-district/divisions/wic-nutrition

Other Notes: Moms, dads, aunts, uncles, and even grandparents who care for children less than five years of age can get services from WIC. Participants must:
- Live in Yuma County
- Qualify with a nutritional risk, which is determined at first visit
- Meet income qualification

Revised November 2022
Local Government Program
Yuma County Health Department – High Risk Child Program (NICP)

**Program / Service**

<table>
<thead>
<tr>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Nursing: High Risk Child Program</strong></td>
</tr>
<tr>
<td>Yuma County serves one of the largest populations of high risk children in the state. Examples of high risk children include: children born prematurely; children with birth defects; children born exposed to street drugs; children with chronic medical problems such as diabetes or cancer; children with developmental delays; children who are neglected and/or abused and those with other concerns as determined by their doctor and/or family. The earlier a high risk child is identified, the quicker needed services such as physical therapy, speech therapy, etc. can be started. This allows the child to better reach his/her maximum potential.</td>
</tr>
</tbody>
</table>

**Who is eligible?**
Any child from birth to 17 years of age who has special health problems, such as premature babies, babies with birth defects, or children with chronic medical problems or possible developmental delays.

**What is provided?**
Home visits by a Public Health Nurse (PHN) trained to provide infant/child health examinations. During these visits, the PHN will assess your child for health and development, offer guidance and instruction about nutrition, parenting, immunizations and specific medical treatments ordered by the doctor. The Public Health Nurse will make referrals to community agencies and resources if specific problems are identified during a home examination. This service is provided at no charge.

How do you arrange a home visit?
Referrals are taken from many sources. You may call for your own infant/child or you may request a visit for a friend or relative. The Public Health Nurse will also accept referrals from doctors, hospitals, and other agencies.

Revised November 2022
Program / Service

Description

Experience the fun! The Parks and Recreation Department provides opportunities for learning and life experiences that enhance the physical, social, cultural, and environmental well-being of our community. We serve a diverse cross-section of citizens and visitors through the provision of programs, services, and facilities that encourage the development of positive, lasting value systems, and self-esteem.

Adaptive Recreation offers activities intended for individuals with physical and/or intellectual disabilities and their accompanying family or friends.

Yuma Parks and Recreation has partnered with Circle of Friends a group of volunteer individuals that help promote activities, sports and lasting friendships for people of all ages (mainly High School & above) with disabilities. Circle of Friends meets every Wednesday from 4:00 pm – 5:00 pm. If you would like to get involved or would like more information, please contact Deana Flermoen at 928.580.1368 or Marilyn Lammel at 928.373.5000 ext. 5294. Jr. Circle of friends is primarily for ages 5-15 years old, contact Juliene Range at 928.503.3455 for more information.

| Languages Offered: | English and Spanish |
| Cost:       | Some programs have fees. Please contact Parks and Recreation for program costs. |
Local School District
Crane’s Exceptional Student Services

Program / Service

Description

Overview:
The Crane Exceptional Student Services department is designed to promote the interaction and cooperation of special education and regular education. Although committed to Child Find, the district strives to minimize labeling and continually address the concept of the least restrictive environment.

School-Wide Teacher Assistance Teams:
Through the use of School-Wide Teacher Assistance Teams (STAT), collaboration/consultation and/or child study teams (CST), the District adheres to the standard of developing interventions in regular education before referring the student for special education consideration.

IEP Review:
Each year, the process of writing and reviewing the Individualized Education Program (IEP) is repeated. Progress made on the last IEP will be reviewed, and new goals and objectives will be set for the coming year.

Parents receive meeting notices before and IEP is going to take place and a prior written notice after the meeting to record any new changes that the IEP team has suggested. Parental input is always welcome and encouraged in implementing a child’s IEP.

Contact Information

Address: 4250 W 16th ST YUMA AZ 85364

Cost: Free

Other Notes: For Exceptional Students Preschool, ages 2 year 9 months - 5 years old (depending on birth date), contact (928) 373-3453.

Revised November 2022
Local School District
Yuma School District One, Exceptional Student Services

Program / Service

Description

Yuma School District One Exceptional Student Services provides services for students between the ages of 3 and 14 with special needs. All students with disabilities categorically eligible under the Individuals with Disabilities Education Act (IDEA), regardless of severity, may receive services. These include students with impairments in speech and language, hearing, health, and vision; developmental delays; emotional and learning disabilities; intellectual disabilities; autism; traumatic brain injury; multiple disabilities; and other health impairments.

We offer services across the continuum from full inclusion in the general education classroom, to off-campus alternative setting, to homebound services. A team of individuals familiar with the student's needs determines the least restrictive environment (LRE) for eligible students. Recognizing the goal to provide an integrated, inclusive learning community, we make best efforts to place students in their home school. If placement in the home school does not meet the needs of the student, we will provide transportation to the service school. Technology is important for students with special needs. We utilize iPads and computers to help students develop skills and to access our district’s digital content. Additionally, some students utilize highly specialized equipment for communication and literacy acquisition.

We offer preschool classes for eligible students from their third birthday to age five (prior to kindergarten). We determine eligibility based on a child's developmental level by measuring for significant speech or language delays, moderate developmental delays, or severe developmental delays. Learn more on our Preschool page at https://www.yuma.org/Preschool

Revised November 2022
Local School District
Yuma Union High School District #70
Exceptional Student Services

Program / Service

Description

YUHSD is dedicated to identifying all students who need special education services who live within the district's boundaries. Once a student is identified, the student’s special education team works together to ensure the student receives the necessary special education services. If parents or community members have a concern about the academic or developmental progress of a student, they can review this site to determine whether they should inquire about special education services at their child’s school. Parents or community member who seek additional information about special education services are urged to contact their child’s school or the Special Education Office.

YUHSD offers screening to locate, identify, and evaluate all children who may have

Somerton School District's Special Services Department oversees all aspects of the special education process for children Pre-K through 8th grade.

Compliance of federal and state mandates is a primary responsibility of the Department. The Special Education staff and related service personnel work collaboratively with District personnel and parents to provide a free and appropriate public education for students with disabilities. These mandates are supported through parent support services, instructional support, and related services including Psych-educational services. Staffs are trained continuously and receive on-going program development to maintain an appropriate level of support to students with disabilities.

Program / Service

Description

The CDC provides full day care for children ages six weeks to five years old, not eligible for kindergarten. In addition to a high quality program, children are served breakfast, lunch and an afternoon snack. Extended care is available by reservation only, for active duty families from 0500-0600 and 1800-1900. Eligible families requesting a care must do so through www.militarychildcare.com.

The CDC is accredited through the National Association for the Education of Young Children (NAEYC). This accreditation is only given to programs than can demonstrate standards of excellence for quality, developmentally appropriate early childhood programs. Creative Curriculum is followed which focuses on developing cognitive, social, emotional, physical, and language skills in a positive environment through play. Weekly lesson plans are created to focus on the individual strengths, needs, and interests of each child. Parents are encouraged to visit and share experiences with their child throughout the day.

Marine & Family Programs/ Family Care Branch
Child & Youth Programs/Youth Center-School Age Care (SAC)

Program / Service

Description

The SAC program is accredited through the Council on Accreditation (COA). Services are available for before school 0600-0800 and after school 1600-1800. The school calendar for Yuma School District #1 is followed. The curriculum is developed around the Boys and Girls Clubs of America (BGCA) clubs and interest of youth. Youth are served breakfast and an afternoon snack. Camp is also offered during all school breaks with optional hour and week selection. Drop-in care is also available. Eligible families requesting SAC must be made through www.militarychildcare.com.

Other Notes: Parents must have a current drop-in packet with proof of current flu shot and a health assessment. Hourly care is on a first come first serve basis and is $5.00/hr. per child. Packets are available at all buildings and online.
**Program / Service**

**Description**

The Exceptional Family Member Program (EFMP) is for all Active Duty personnel with a family member residing with them that require special care based on a diagnosed medical, educational or emotional need. Needs may range from mild to severe. EFMP helps families be their best advocate in supporting their exceptional family member while at MCAS Yuma and during reassignment. The program provides the following: one-on-one non-clinical case management, workshops & trainings, resources both on and off the air station, along with fun family friendly events. We have a great lending library with a wide variety of items available for checkout ranging from books, DVD’s to sensory friendly items. We can also help assist with IEP’s and 504’s for any members with school aged children. Enrollment in EFMP is mandatory as per MCO 1754.4B and is 100% confidential. Enrollment in the program will not hinder advancement in the Marine Corps.

**Other Notes:** Every family enrolled in Exceptional Family Member Program is encouraged to have a Family Care Plan. The plan covers various aspects of family life, including financial matters.
### Program / Service

#### Description

The School Liaison Program supports transitioning military families in obtaining educational information and assistance from local school districts as well as identifying and coordinating community resources to reduce the impact of the mobile military lifestyle on school-aged children. The School Liaison Officer acts as a resource and support system for military parents in regards to any K-12 educational need or concern.

Program / Service

Description
The Behavioral Health Branch is a division of Marine Corps Community Services. Licensed clinicians and certified advocates who have passed credentialing requirements team up with professional prevention specialists to provide multiple educational and treatment options. Our goals are to provide education, support, guidance, treatment and intervention to individuals, couples, and families in need of assistance or who have been mandated for intervention services. Training and support are available on a unit level for each program. The programs include the following:

Substance Abuse Counseling Center (SACC)
The Substance Abuse Counseling Center (SACC) is dedicated to offering education and intervention assistance for individuals of the military community who are experiencing substance abuse problems or have questions about drug use and their effects.

Participants completing any of these services are offered a continuum of care to assist in the transition of new lifestyle skills and behavior management. Assistance is always offered on a voluntary basis, but can be Command and/or court-ordered after an incident.

Educational services are available from individual to full Command level, upon request.

Our goals are to provide education, support, guidance, treatment and intervention to individuals, couples, and families in need of assistance or who have been mandated for intervention services. Training and support are available on a unit level for each program. The programs include the following:

The Alcohol Abuse Prevention Program
The Alcohol Abuse Prevention Specialist’s primary responsibility is to support Marine Alcohol Abuse Prevention Activities, and review surrounding community reports detailing the current alcohol situation or other reports as appropriate is important. The AAPP’s goal is to help identify risk factors in the base community that relate to alcohol incidents. The primary goals are (1) to reduce alcohol related incidents, (2) eliminate/reduce under-age drinking, and (3) reduce alcohol related problems due to driving under the influence. Trainings and educational classes are offered at least once a month for the Marines/Sailors and their dependents at the Substance Abuse Program Center. Activities and events are also coordinated through the Alcohol Abuse Prevention Program to reach MCAS staff, leaders, youth, and other community stakeholders.

Family Advocacy Program

Family Advocacy services are available when an act of abuse or neglect has been alleged and for individuals who are at risk for abuse and neglect. These cases are more serious in nature and indicate a definable threat to the victim’s safety. These cases are monitored very closely and include intensive rehabilitation services for both the victim and the offender.

Our goals are to provide education, support, guidance, treatment and intervention to individuals, couples, and families in need of assistance or who have been mandated for intervention services. Training and support are available on a unit level for each program. The programs include the following:

Victim Advocacy Support Program

The Victim Advocacy Program provides services and support to identified victims of spouse/intimate partner abuse and non-offending parents of victims of child abuse/neglect. The Victim Advocate is on call 24 hours per day and may be reached on the Victim Advocate hotline after office hours.

Services provided by the Victim Advocate include emotional support, assistance with court services, safety planning, referral to additional resources, and accompaniment to and from necessary appointments and court appearances. Additionally, immediate intervention is available, if requested by the victim at the time of the incident.

Victim Advocates will cover two reporting options: restricted and unrestricted. Restricted reports include access to Victim Advocate services, medical care, and counseling without command or law enforcement involvement. Unrestricted reports include the same services as restricted reports but also involve command and law enforcement (as appropriate) to open an investigation and address safety needs.

Drug Demand Reduction Program
Our Drug Demand Reduction Program (DDRP) has been the recipient of the Secretary of Defense Community Drug Awareness Award for 2011, 2012, 2013, and 2014. The DDRP is designed to educate Marines about the dangers and consequences of illegal drug use, including abuse and misuse of prescription medication. To accomplish this mission, different elements are utilized such as: urinalysis testing program, special training for Unit Substance Abuse Control Officers (SACOs), educational briefings to Commands, and special promotions/activities in conjunction with other MCCS resources.

**Sexual Assault Prevention & Response Program**

The Sexual Assault Prevention and Response Program (SAPR) serves as a focal point for coordinating all sexual assault prevention and response actions. The SAPR’s mission is two-fold: to address the needs of military members and dependents who have been victims of sexual assault and to proactively provide relevant interactive training on a regular, continuous basis to all Marines, Sailors, and civilians aboard MCAS Yuma in an effort to eliminate sexual assault from within our ranks. There are civilian Victim Advocates and Uniformed Victim Advocates available to help decrease the stress related to a sexual assault. The Victim Advocates have undergone intensive training and are able to offer victim assistance in three main areas: support, providing information about the different reporting options afforded to them, and referrals to a multitude of different resources—both on base and in the civilian community.

Preventions & Education Services
Prevention and Education Services are concurrent goals of the Family Advocacy Program. Through education, awareness, identification, reporting, and early intervention with moderate to high-risk individuals and families, the risk of family violence can be minimized. Prevention and Education services offer Self-improvement classes, support groups and a variety of children’s programs.

The goals of Prevention and Education are to offer programs that enhance relationship building skills, provide on-going support, and provide opportunities for activities that decrease isolation and build positive relationships for individuals, couples, and families. All classes and programs are available on a voluntary basis. Services are provided in an open and welcome environment. Our professional staff is always on hand to address specific issues, questions, and concerns that may arise.

Revised November 2022
MCCS Program
Marine Corps Family Team Building (MCFTB)

Program / Service

Description

Marine Corps Family Team Building’s (MCFTB) mission is to prepare Marines and their families to successfully meet the challenges of the military lifestyle and thereby enhancing mission readiness. We provide educational programs to foster personal growth, skill development, and resource awareness. MCFTB, along with your Unit’s Family Readiness Team, also supports you throughout deployments. Whether you are new to the Marine Corps or Yuma, or seasoned member of the Marine Corps Family, MCFTB has opportunities for everyone. MCFTB welcomes all including spouses, children, parents, fiancées, siblings, etc. All classes and events are free of charge, but require registration. Free childcare is also available with advance registration. Also, we are always in need of volunteers for on-going programs and for special events. Please contact us if you are interested. MCFTB provides educational resources and services to foster personal growth and enhance the readiness of Marine Corps families. All classes are free, and childcare is provided. Most popular classes are listed below:

- Readiness and Deployment Support
- Children’s Programming
- Prevention & Relationship Enhancement Program and Chaplain’s Religious Enrichment Development Operations (PREP & CREDO)

Revised November 2022
MCAS Yuma Service
NAVY-MARINE CORPS
RELIEF SOCIETY/MCAS Yuma Office

Program / Service

Description

The Society provides financial assistance and education, as well as other programs and services, to members of the United States Navy and Marine Corps, their eligible family members, widows, and survivors. The Society also receives and manages donated funds to administer these programs and services.

Our main goal is to help each person who comes to us get support for their immediate needs. Our long-term mission is to help Sailors and Marines become financially self-sufficient by learning how to better manage their personal finances and prepare for unplanned expenses.

WHAT WE OFFER:

- Interest-free loans and grants for emergency and unexpected financial needs.
- Budget counseling and financial education to help you create a monthly budget.
- Free in home visits by a registered nurse to provide health education, baby wellness check-ups.
- Free in home visits by a registered nurse to veterans and their family members who have been affected by combat service.
- Budget for Baby workshops to help expectant parents prepare for the arrival of a new family member. Attendees receive a free Junior Sea Bag with $80.00 worth of baby items.
- Thrift Shops offering gently-used uniform items. Clothing and household items at very low prices.
- Financial assistance for food, shelter and transportation to aid evacuation or recovery from a natural disaster.

**PTSD: National Center for PTSD (Post-Traumatic Stress Disorder)**

PTSD is a mental health problem that some people develop after experiencing or witnessing a life-threatening event, like combat, a natural disaster, a car accident, or sexual assault. It's normal to have upsetting memories, feel on edge, or have trouble sleeping after this type of event. If symptoms last more than a few months, it may be PTSD. The good news is that there are effective treatments.

Program / Service

DSTRESS

The Marine Corps DSTRESS Line provides services to active duty Marine and their beneficiaries. Anonymous phone and chat and referral service using a ‘Marine-to-Marine’ approach. The call center is staffed with veteran Marines, Fleet Marine Force Navy Corpsmen who were previously attached to the Marine Corps, Marine spouses and other family members, and licensed behavioral health counselors specifically trained in Marine Corps culture. DSTRESS Line’s goal is to help callers improve total fitness and develop the necessary skills required to cope with the widely-varying challenges of life in the Corps. Moms, dads, or other family members who are not beneficiaries should call the DSTRESS Line if it can help lead to increased resilience within the Marine family.

Services:
- 24 hour phone, chat and Skype line that provides counseling services with a “Marine to Marine” approach
- Successful interventions interrupting the cycle of suicide.
- Offers “Marine-to-Marine” counseling, allowing callers to speak with a Marine, Fleet Marine Force Navy Corpsmen
- Spouses and children over the age of 18 can call at any time. Children below the age of 18 can call if a parent is present and consents to conversation.
- Works with callers in crisis to stabilize the situation, and then make the most appropriate referral for suitable treatment.

Families Overcoming Stress (F*O*C*U*S)

Resilience Training for Military Families & Couples. F*O*C*U*S helps strengthen couple and families in readiness for tomorrow. F*O*C*U*S builds on their current strengths and teaches new strategies that support resilience. During F*O*C*U*S, families and couples practice perspective-taking and become closer by developing a shared understanding of their experience.

F*O*C*U*S for families to:
- Identify, manage, and discuss emotions
- Clarify misunderstanding and respect individuals points of view
- Build on family strengths
- Feel closer and more supported
- Use problem-solving and goal-setting to empower the entire family

F*O*C*U*S for Couples:
- Improve their understanding of each other’s experiences
- Increase relationship closeness
- Talk to one another and provide support
- Work toward a common goal
- Feel hope and optimism for their future together

Additional Military Resources

Program / Service

MILITARY AND FAMILY LIFE COUNSELOR PROGRAM (MFLC)

Military families face unique challenges. They may struggle with issues such as deployment-related stress, reintegration and pressures of managing parenting and finances while a loved one is deployed.

To support military families facing these or additional challenges, the MFLC program provides the following:

- Short-term, non-medical counseling services to service members and their families
- Psycho-education to help military service members and their families understand the impact of deployments, family reunions following deployments and other stresses related to military life
- Augments existing military support services
- Offer flexible service delivery
- Can provide services on or off military installations
- Can provide services to individuals, couples, families and groups

With the exception of child abuse, domestic abuse and duty to warn situations services are private and confidential.

The Yuma Regional Cancer Resource Center

**Program / Service**

**Description**
Yuma Regional Medical Center Cancer Center is right here to support you – near your family and friends – offering high-quality care close to home. You'll find a team of dedicated physicians, nurse navigators to help coordinate care, access to the latest clinical trials, complementary therapies to support healing and staff members who are caring and compassionate. Backed by cancer experts and a loving and supportive community – together we support patients throughout every step of the journey to ensure that all of their needs, emotional, physical and spiritual, are met.

Our Cancer Center is accredited by the American College of Surgeons’ Commission on Cancer. We are nationally-recognized as a Comprehensive Community Cancer Program that meets the same standards and guidelines as the most highly-recognized cancer centers in the U.S.

The Cancer Resource Center is a place where American Cancer Society Volunteers assist with information about specific types of cancer, treatments, American Cancer Society programs, and other community resources. Volunteers help cancer patients with wigs, hats, and other gift items as well as connect them with some of the following programs:

- **Hope Lodge** – free lodging for people with cancer along with their caregivers, creating an environment that eases both the stress of the cancer journey and the financial challenges.
- **Road to Recovery** – volunteers drive cancer patients to and from treatment and other cancer related medical appointments.
- **Reach to Recovery** – program designed to help women cope with their breast cancer experience.
- **Look Good Feel Better** – teaches beauty techniques to women undergoing cancer treatments.
- **Guestroom Program** - offer free & reduced cost non-medical housing for patients during treatment away from home
- **“tlc”** – catalog provides medical information and special products for women undergoing cancer treatment.

Description

A Fisher House™ is "a home away from home" for families of patients receiving medical care at major military and VA medical centers. A Fisher House is a temporary residence and is not a treatment facility, hospice or counseling center.

- The homes are normally located with walking distance of the treatment facility and have transportation available
- Amenities include: Common kitchen, laundry facilities, spacious dining room and an inviting living room with library, and toys for children. Newer houses are 100% handicap accessible and include elevators.
- Houses can accommodate 16 to 42 family members.

Requirements to stay at Fisher House:

- Patient must be an in-patient at the time of family's check-in
- Family must be traveling from a distance of at least 40 miles
- Each family is an individual case. Therefore, time duration (stay) is determined by the facilities manager.

Saguaro Foundation is a private non-profit corporation licensed by the state of Arizona to perform a variety of services for individuals with developmental disabilities. The Saguaro Foundation provides services to individuals with developmental disabilities, the behavioral health community, and transportation services within the community and outlying areas of Yuma Arizona. Saguaro provides services to developmentally disabled adults through properly trained residential aids; furthermore, individuals with behavioral health problems are served through professionally trained care givers, and finally, Safe, Affordable, Reliable, and Accessible transportation is provided through professionally trained drivers. At present Saguaro focuses in protecting the rights of the individuals served and promotes their well-being while enhancing their quality of life. In the future Saguaro will strive to continue the high quality of services into other areas while establishing a firm financial position. "Serving Special People with Special Needs."

- **Group Homes & Behavioral Health Group Homes**
- **Transportation for the elderly/handicapped and individuals with developmental disabilities.**
- **Day Programs:** Saguaro Foundation specializes in a wide range of Day Treatment Programs for Adults (DTA'S) with a variety of motivating and individualized program options that are available for each individual attending. Services are performed by professional staffs, which are well trained by certified instructors. Our day programs are designed to fit our clientele's needs by providing a diversity of activities that have been deliberated to enhance and improve their quality of life. Saguaro offers our clientele exploration programs in conjunction with other Yuma area agencies to meet goals in terms of work theory in a practical work environment. This work exploration allows participants to develop marketable skills that may lead to competitive employment in the community. The day program does volunteer work during the week at the Yuma Community Food Bank, Precious Treasures and Salvation Army.

- **Home Community Based Services** - HCBS assists individuals with developmental disabilities that remain at home, with personal hygiene and daily living activities, maintaining safe and sanitary living conditions, planning and preparing meals.

---

**Non-Profit Agency**

**Special Olympics Arizona**

---

**Program / Service**

**Description**

The mission of Special Olympics is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

Promoting Social Inclusion: The Special Olympics Arizona Unified Program promotes social inclusion for individuals with disabilities and those without disabilities through sports, arts, health, youth and adult leadership, and other self-advocacy programs and campaigns.

These early building blocks result in notable improvements in the development of motor skills, cognitive abilities, social interactions, and emotional development.

Revised November 2022
Non-Profit Agency
United Cerebral Palsy of Southern Arizona

Program / Service

Description

United Cerebral Palsy of Southern Arizona’s primary goal is to provide home-based services for the elderly and people with disabilities. Some of the services are listed below:

- **Attendant Care:** Includes hygiene, light housekeeping, bathing, and meal preparation.
- **Respite Care:** Allow providers, parents and caregivers an opportunity to take a break from regular care giving.
- **Habilitation:** Teaches various activities of daily living.
- **Housekeeping:** Services allow individuals to remain in their own home instead of being institutionalized.

All intakes are conducted and finalized by AZ Department of Economic Security/Division of Developmental Disabilities (DDD) Designated Coordinators. Children must be eligible through (AzEIP) and the AZ Arizona DES/Division of Developmental Disabilities.

Revised November 2022
Raising Special Kids provides support and information for parents of children, from birth to age 26, with a full range of disabilities and special health care needs. Programs are offered at no cost to families, and are available in English and Spanish.

What Can a Family Expect From Raising Special Kids?

- Confidentiality, understanding, and a connection to useful information, training, and consultations.
- Within 48 hours of receiving a referral, a member of our Family Support Team will contact you to determine how we may assist your family.
- Programs and services are provided at no charge.
- Programs and services for families:
  - Assistance and support at all ages and stages of your child's development from birth to age 26.
  - Individual problem-solving support to understand and access the programs, health plans, and services your child may need.
  - Accurate, authoritative information related to your child's disability or special health condition.
  - Special education consultations, training, and problem-resolution.
  - Parent-to-parent connections with a trained parent "mentor" who has a child with a similar diagnosis and is skilled at providing information and support.
  - Workshops and training geared to increase advocacy skills, and improve your ability to work with professionals on your child's educational and medical needs.
  - Referrals to agencies, organizations, and community resources with expertise to meet your family needs.
  - Individual Education Program (IEP) and 504 consultation.
  - Access to information about health care, community resources, and support.
  - Assistance in health care systems navigation.
  - Young adult with disabilities transitional assistance into adulthood.
  - Free workshops and training for families who are interested in acquiring skills and information beneficial to parenting children with disabilities or special healthcare needs.

Revised November 2022
Supplemental Security Income (SSI) payments for children with disabilities: SSI makes monthly payments to people with low income and limited resources who are 65 or older, blind, or disabled. A child, if younger than 18, can qualify if he or she has a physical or mental condition, or a combination of conditions, that meets Social Security’s definition of disability for children, and if his or her income and resources fall within the eligibility limits. Amounts vary from state to state.

Social Security Disability Insurance (SSDI) benefits for adults disabled since childhood: SSDI program pays benefits to adults who have a disability that began before they became 22 years old. We consider this SSDI benefit as a “child’s” benefit because it is paid on a parent’s Social Security earnings record.

For a disabled adult to become entitled to this “child” benefit, one of his or parents must be receiving Social Security retirement of disability benefits; or must have died and worked enough to qualify for Social Security.

These benefits also are payable to an adult if he or she is disabled at age 18, and if they received dependents benefits on a parent’s Social Security earnings record prior to age 18.

SSDI disabled adult “child” benefits continue as long as the individual remains disabled. Your child doesn’t need to have worked to get these benefits.

Revised November 2022
State Program
AzEIP - Arizona Early Intervention Program for Infants and Toddlers

Program / Service

Description

The Arizona Early Intervention Program (AzEIP) is the statewide system of services and supports for families of infants and toddlers, birth to three years of age, with disabilities or delays. The purpose of early intervention is to help families help their children develop to their full potential.

Mission - Early intervention builds upon and provides supports and resources to assist family members and caregivers to enhance children’s learning and development through everyday learning opportunities.

You know your child best. Contact AzEIP if you have concerns about how your child:

- Plays and interacts with others
- Learns
- Communicates
- Moves
- Sees
- Hears

Who is eligible for services? Any child from birth to 36 months who is developmentally delayed or who has an established condition, which has a high probability of resulting in a developmental delay, as defined by the State.

State Program
State Mental Health System – Cenpatico Integrated Care/Arizona Complete Health
AZ Department of Health Services/Division of Behavioral Health Services

Program / Service

Description

Cenpatico Integrated Care offers a large network of both behavioral and physical health providers across southern Arizona, serving families eligible for AHCCCS as well as people eligible for state only programs and block grant programs.

Cenpatico Integrated Care will be offering whole person health care, providing both medical and behavioral services to people who have been designated as having a serious mental illness. Cenpatico Integrated Care firmly believes in recovery and that by treating the whole person, we empower members to improve their lives and be engaged in their community. Cenpatico’s programs include support tools to identify and assist members on their road to recovery. This is a process unique to each member and members’ are given many choices and supported to create their own unique goals. Cenpatico listens to the voices of our members and the communities we serve to improve lives and help people get healthy.

State Program
Division of Developmental Disabilities (DDD):
A Division of Department of Economic Security

Program / Service

Description

DES provides supports and services to people with developmental disabilities and their families throughout Arizona. The following is a brief introduction to these services, along with a summary of some of our recent accomplishments.

DES strives to support the choices of individuals with disabilities and their families by promoting and providing flexible, quality, member-driven services and supports within communities. We value our community connections and emphasis on looking at a person’s strengths and gifts.

Most services to children and adults with developmental disabilities are delivered in the families or person’s own home as well as their community. Services are provided based on each person’s identified needs, state and/or federal guidelines and, when applicable, the availability of funds. Services are authorized and monitored by a support coordinator (case manager). The support coordinator promotes access to community resources and flexibility in meeting the person’s needs. While some services are delivered directly by the State, most services are delivered through a large network of individual and agency contracted providers.

Services are provided throughout the lifespan of an eligible member. For children under the age of three who have certain developmental delays, the DES Division of Developmental Disabilities works in partnership with the DES Arizona Early Intervention Program (AZEIP) and community agencies to provide early intervention services for these children and their families. Early intervention services help young children grow and develop as well as support their families.

During the school years, services for children and young adults may include specific skills training, behavioral health services coordinated with the Division of Behavioral Health Services (link is external) at DHS, assistance with daily life activities, assistance with transition from school to work or respite (caregiver relief). For adult members, supports may include training to get and keep a job, structured day time activities, in home assistance with daily life activities and other skills training. Out of home residential placements are also available for children and adults, if needed. Acute care health plans are provided to most members.

The Arizona Department of Economic Security/ Division of Developmental Disabilities provide support and services for people with the following conditions: Autism, cerebral palsy, epilepsy, cognitive disability, and others.

For conditions that qualify for Arizona Long Term Care System (ALTCS), DDD contracts and coordinates with providers of long-term care services. Conditions for qualification:

- Person of any age who applies voluntarily
- Children under 3 years old who exhibits significant developmental delay, or is at risk for a developmental disability
- Children between 3 - 6 years old who exhibits significant developmental delay
- Children who are older than 6 years old with the following diagnosed conditions: Cerebral palsy, autism, epilepsy, and cognitive disability.
- Teenagers with disability occurred prior to their 18th birthday.

Revised November 2022
The Extended Care Health Option (ECHO) provides financial assistance to beneficiaries with special needs for an integrated set of services and supplies.

To use ECHO, qualified beneficiaries must:

- Be enrolled in the Exceptional Family Member Program (EFMP) through the sponsor’s branch of service
- Register for ECHO with case managers in each TRICARE region

Eligibility:
The following beneficiaries who are diagnosed with moderate or severe intellectual disability, a serious physical disability, or an extraordinary physical or psychological condition may qualify for ECHO.

- Active duty family members
- Family members of activated National Guard/Reserve members
- Family members who are covered under the Transitional Assistance Management Program.
- Children or spouses of former service members who are victims of abuse and qualify for the Transitional Assistance Management Program
- Family members of deceased active duty sponsors while they are considered “transitional survivors.”

Children may remain eligible for ECHO beyond the usual age limits in some circumstances. If you or your provider believes a qualifying condition exists, talk to a case manager or with your regional contractor to determine eligibility for ECHO benefits.

Other Notes: Enrollment in EFMP is required to enroll in TRICARE ECHO. For those seeking ABA therapy, in addition to the EFMP enrollment, you will need to provide ECHO with a clinical diagnosis of Autism Spectrum Disorder and your child’s Individualized Education Program (IEP) or Individualized Family Service Plan.
Plan (IFSP). The qualifying family member’s disability must be entered properly in DEERS to have access to ECHO services.

Revised November 2022
Other Local Resources
Horizon Health & Wellness

Program / Service

Description

Our MISSION is to provide Integrated Health Care that addresses the whole person and promotes wellness using best practices to enhance the quality of life of the individuals, families and communities we serve. Horizon Health & Wellness has developed an innovative practice model that embodies our philosophy of whole person care while promoting wellness. This approach to health care addresses the whole person by integrating behavioral health with primary health care while promoting wellness and prevention. In this model, our medical and behavioral health staff can work with patients in the same exam rooms to ensure integrated care. Both are involved in assessments, brief interventions and follow-up with patients. Where appropriate, patients may also be referred for wellness activities (e.g. smoking cessation, nutritional education, physical activities, etc.), as well as traditional psychotherapy, and psychiatric services.

Health & Wellness is excited to implement this innovative practice model at a time when health care is undergoing transformation nationally. It is our hope that our integrated model will improve outcomes for people and reduce health care costs for society.

Horizon Health and Wellness is a proud partner of Cenpatico Arizona, Health Choice Integrated Care, and Mercy Maricopa Integrated Care. We also accept AHCCCS health plans and most commercial insurance plans.

Rady Children’s Hospital- San Diego, CA

Program / Service

Description

Rady Children’s Hospital specializes in pediatric care and is the sixth largest children’s hospital in the country.

The Developmental-Behavioral Pediatrics Program at Rady Children’s Hospital-San Diego evaluates and treats infants, children and adolescents with developmental, learning or behavioral concern. Along with providing expert, evidence-based care, we have an active research and teaching program. Advocating on behalf of patients and families is also a top priority of our team.

Our services include evaluation, treatment, medication management, intervention, and coordination of care for the following conditions:

- Attention deficit/hyperactivity disorder (ADHD)
- School and learning problems
- Autism spectrum disorders
- Developmental delays
- Anxiety and depression
- Aggression
- Discipline problems
- Attachment disorders
- Infant regulatory disorders (feeding, sleeping, elimination, affect)
- Genetic disorders, including prenatal drug and alcohol exposure
- Intellectual disabilities
